

Winterplace 2012

To all Units in the Old Hickory Council:

We have been working with Winterplace to secure the dates for our 2011 Ski weekends. We have three dates planned for your units and encourage you to participate each weekend. The first date is January 8, 2012, the second weekend is February 12, 2012, and the third weekend March 4, 2012.

Winterplace has been working hard for the past several years with upgrades to the ski school and the tubing park. They have increased the Ski School area 8 times its original size. They have also added magic carpet to the tubing area as well as the ski school area. These upgrades have enhanced the experience of the beginner skier or tuber.

NOTE *Risk Management of the National Council has changed the Guide to Safe Scouting to say all Winter Sports Participants must wear a helmet. These will be available in your 2012 ski or snowboard packages at no additional fee.*** The Risk management team has only recommended these for snow tubing, so if you are snow tubing these may be rented for an additional \$6.00 fee upon request.**

Our 2012 Winterplace Ski Package includes an all day lift ticket, rental equipment (Skiers only with helmet), meal voucher, and a 90-minute lesson for only \$55.00 per participant. This special rate is only available to those who pre-register through the Old Hickory Council office 10 days prior to attending this event. Late registration or walk-in rate will be \$60.00 per participant. Extra meal vouchers will be available for parents and guests not participating for only \$6.00 at the check-in table.

Snowboarding & Snow Tubing:

Winterplace Snowboard Package includes an all day lift ticket, rental equipment (with helmet), meal voucher, and a 90-minute lesson for only \$94.00 per participant. This special rate is only available to those who pre-register through the Old Hickory Council office 10 days prior to attending this event. Late registration or walk-in rate will be \$100.00 per participant. Extra meal vouchers will be available for parents and guests not participating for only \$6.00 at the check-in table.

Winterplace Snow Tubing Package includes all day tubing + meal voucher for only \$43.00 per participant. Tubing add-on tickets for skiers or snowboarders will be available for an additional \$13.50 for 2 hours, payable in advance or the day of the event. Extra meal vouchers will be available for parents and guests not participating for only \$6.00 at the check-in table. Units wishing to pay in advance for tubing should use the tubing pre-registration form and not the ski pre-registration form.

We would like to ask each unit to have a chairperson the day of the event that does not Ski or Tube. This person will work in conjunction with our council ski staff at Winterplace. This person will be in charge of your unit's tickets if someone is late arriving. This person can also be in charge of your unit's belongings for the day. Units last year brought Grandparents and parents for this and it worked out well for all. We just need to know who this person is and contact numbers of this person the day of the event.

Your participation in our ski outings at Winterplace is very valuable, as Winterplace contributes a portion of the proceeds to the Old Hickory Council. This contribution funds many scouting activities and projects, such as the Council Calendar, Council Golf Tournament, and additional equipment at Raven Knob.

I look forward to seeing you at Winterplace!

Yours in Scouting,

Kevin Cheek
