Council Org Structure

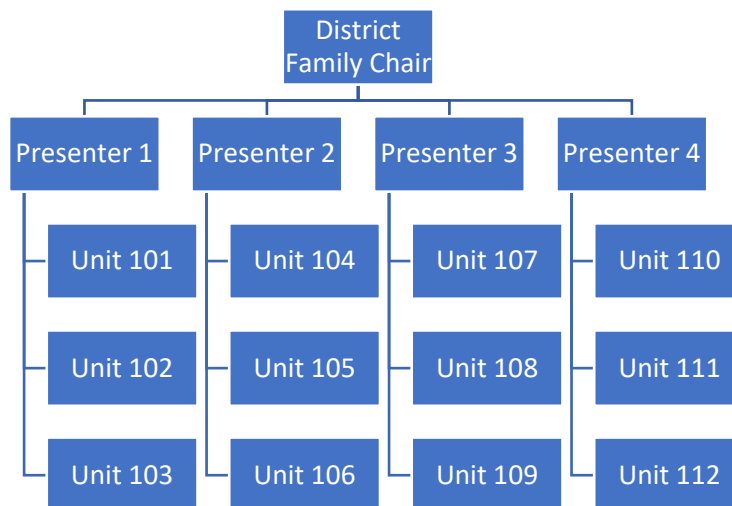

Sample District Org Structure – Family

The objective is to have 1 presenter for every 2-4 units. If you are a large district and need additional vice-chairs to help coordinate the presenters, we recommend 3-5 presenters for each vice-chair.

Option 1

Option 2

Sample District Org Structure – Community

The objective is to utilize the I-See-Five method where each individual volunteer only works with five other volunteers or donors. Five phone calls/visits per person can be done in 3 or so hours over the course of the spring. This may mean you are engaging a large quantity of volunteers for this to be successful and the objective is to make it better than it was the year before!
